PROFILE

MFA Interior Architecture graduate (The George Washington University) and IIDA Premiere Awards National Student Winner, seeking an entry-level interior design role. Trained across community, healthcare, and adaptive reuse projects in space planning, construction documentation, FF&E specification, and 3D visualization, with a computer-science foundation that adds technical fluency and analytical rigor to the design process.

EDUCATION

The George Washington University, Corcoran School of the Arts and Design | Washington, DC May 2026
MFA, Interior Architecture | GPA: 3.8

Relevant Coursework: Interior Architecture Studio I–V, Interior Materials & Color Theory, Digital Drafting & Modeling, Lighting & Acoustics, Structures & Building Systems, Sustainability & Built Environment, Graphic Communications, Design History.

Mongolia International University | Ulaanbaatar, Mongolia June 2021
BFA, Computer Science | GPA: 3.8

TECHNICAL SKILLS

Software & Tools: Revit, AutoCAD, SketchUp, Enscape, Blender, Bluebeam Revu, ArcGIS, Adobe Photoshop, Illustrator, InDesign, After Effects, Procreate, Miro, Microsoft Office.

Design Skills: Space Planning, Schematic Design, Design Development, Construction Documentation, FF&E Selection & Specification, Finish & Furniture Schedules, ADA & Building Code Compliance, 3D Modeling & Visualization, Sustainable Design.

Languages: English (Fluent) • Mongolian (Native) • Russian (Conversational) • Korean (Basic).

SELECTED DESIGN PROJECTS

Whitefish Clinic | Interior Architecture Studio 3 | Healthcare Fall 2025

- Designed a patient-centered healthcare clinic grounded in evidence-based design and infection-control material selection, producing a complete schematic-through-design-development drawing set in Revit.
- Developed finish schedules and FF&E documentation coordinated with ADA and infection-control standards for clinical and patient-care environments.
- Awarded IIDA Premiere Awards 2026 National Student Winner, 1st Place.

Between Ages | Interior Architecture Studio 5 | Adaptive Reuse & Community Design Spring 2026

- Produced a complete construction documentation set for a 12,000+ SF intergenerational community center, developing floor plans, reflected ceiling plans, sections, finish schedules, and furniture schedules across 8 program areas in Revit.
- Communicated design intent for a mass timber structure through presentation boards, rendered perspectives, and storyboard vignettes built in Enscape and Adobe Creative Suite.

PROFESSIONAL EXPERIENCE

Knightsbridge Restaurant Group (Rasika West End) | Hostess August 2022 – Present
Washington, DC

- Designed seasonal menus and event materials in Adobe Creative Suite, aligning graphics with the restaurant's guest-facing brand presentation.
- Coordinated reservations, seating flow, and large-party logistics for a fine-dining restaurant serving 200+ guests per service.

International Diploma Foundation School | Computer Science Teacher August 2021 – July 2022
Ulaanbaatar, Mongolia

- Developed structured lessons and visual instructional materials for 30+ students across 3 learning levels, improving comprehension.
- Coordinated lesson plans, classroom materials, and student documentation across the academic year.

Mongolia International University | Administrative Assistant December 2020 – August 2021
Ulaanbaatar, Mongolia

- Coordinated schedules, documentation, and departmental communications for a 15-person faculty team, maintaining zero missed submission deadlines over an 8-month period.

Datacom LLC | UI / Graphic Design Intern September 2018 – January 2019
Ulaanbaatar, Mongolia

- Designed website UI layouts and digital graphics with developers, translating wireframes into production-ready visual assets for 500+ daily users.
- Produced 10+ motion graphics and marketing visuals in After Effects, revising through stakeholder feedback to final delivery.

AWARDS & LEADERSHIP

IIDA Premiere Awards 2026 — National Student Winner, 1st Place (Whitefish Clinic).

Founder & President, Art & Design Club, Mongolia International University — established the university's first student design club; ran exhibitions and workshops for 20+ members (2018–2020).
